

*Review business stratergy. *increase and decrease cost.

*outsourcing the analysis.

*consultancy specialisation.

*maximising patential.

*However the product or to be usefull.

*Don't show the another available factor.

*subscription service fully usefull.

*Atleast think about tax or trust issues

BRIGHT CONSLUTING IDEA

See an example

*Offering leadership is short term basis.
*Highlevel program

*Highlevel program assistance.

*Getting opinion.

*Risk analysis

*The factor contributed to positive or negative so;
*Personally fell where is good or bad
*There has been several ways give without expertion.
*Innovation has to been sacrifised

Does

What behavior have we observed? What can we imagine them doing?

What are their fears, frustrations, and anxieties? What other feelings might influence their behavior?
